

**What's Your Hurry**  
**By Greg Hawks**

This modern world just keeps you running  
Ever closer to the edge  
High on fear and desperation  
To find a way to get ahead

CHORUS: What's your hurry? Where're you going?  
Is it worth your worried mind?  
When it's over, it won't matter  
Tell me, are you satisfied?

In this age of great invention  
They say our time is being saved  
But no one ever seems to mention  
What's been lost along the way

CHORUS

There's nothing wrong with moving forward  
Or keeping up with the changing times  
But when it takes more than it's giving  
It might be time to change my mind

CHORUS

**Some Things Are Better Left Alone**  
**By Greg Hawks**

Some things are better left alone  
Some things are better left alone  
When the harder you try, the worse it gets  
It may be time to let it rest  
Some things are better left alone

In my time I've learned a lot of lessons  
Still, the more I've learn, the less I seem to know  
But I have no doubt that in certain situations  
Some things are better left alone

Some things are better left alone  
Some things are better left alone  
Like sleeping dogs, poison oak

Power lines and creosote  
Some things are better left alone

Well, I'm not the kind to avoid communication  
I won't hesitate to say what I believe  
But you can reach a point in stubborn situations  
When the best thing you can do is turn and leave

Sometimes you're better off alone  
Sometimes it's better to move on  
From people who love to fuss and fight  
And anyone who's always right  
Sometimes you're better off alone

On the other side the grass is always greener  
But you never know a good thing till it's gone  
Just because something is new don't make it better  
Sometimes it's better to leave well enough alone

Some things are better left alone  
Some things are better left alone  
You can't beat a hot corn pone  
And the lonesome sound of ol' George Jones  
Some things are better left alone

**Just Because You Can (That Don't Mean You Should)  
by Greg Hawks**

Good people tried to tell me and they tried to tell her, too  
But we were living in a fairy tale and couldn't see the cold hard truth  
You know for her I made some changes, I tried to walk the line  
Well, each day she's slipping farther away and I'm about to lose my mind

Just because you can, that don't mean you should  
If you're leaving now, you better go for good  
So write it down so it's understood  
Just because you can, that don't mean you should

I won't be that sad to see her gone, she's worried me to death  
A'making up the rules as she went along, my words a waste of breath  
You know I treated her like royalty, beats all I ever saw  
This kind of mental cruelty ought to be against the law

Just because you can, that don't mean you should  
If you're leaving now, you better go for good  
So write it down so it's understood  
Just because you can, that don't mean you should

Well, I watched her walking out the door, making all the noise she could  
These kind of threats she's made before but her promise ain't no good  
You see, no one's ever told her no, she knows how to use her charm  
Deep down I know, truth be told, she's in another's arms

Just because you can, well, that don't mean you should  
If you're leaving now, you better go for good  
So write it down so it's understood  
Just because you can, that don't mean you should

### **Simple Pleasures By Greg Hawks**

So many years I've done things my way  
Running blind and wild, Lord, I've wandered astray  
Searching for light on a dark highway  
I spent many a night just dreading the day

CHORUS: Thank you, God, for the love of my mother  
For my home and Your guiding light  
For the morning sun in the Carolina sky  
Lord, I finally see simple pleasures of life

Well, I had so much given to me  
All that any man could want in this world for free  
Well, I thought I knew it all, but I didn't know a thing  
For I could not believe what I could not see

CHORUS

Well, I turned my back on the ones that I loved  
And I did some things that I'm not proud of  
But the truth I wanted was there all along  
And it feels so good to know where I belong

Thank you, God, for the love of my mother  
For my home, Your guiding light  
For the morning sun in the Carolina sky  
Yes, I finally see simple pleasures of life

## **Coming Home**

**By Greg Hawks**

Well, I've seen a lot of places and I know a lot of faces  
In this country that I'm proud to call my home  
So much more I'd like to see if the opportunity  
Comes my way before my time on earth is gone

So much beauty to behold on the pathways new and old  
From bright cities to the rolling countryside  
But if you really want to know, if I had one place I could go  
There's no doubt where I would turn my wheels to ride

CHORUS: On my way home (going home)  
Coming home (back to my home)  
It's where my heart is at, it's where I can hang my hat  
There's no place I'd rather be, going home

Now the road I want to travel's a little driveway made of gravel  
On a shady Piedmont hill in Caroline  
Where the trees sway in the breeze whispering sweet melodies  
It's the closest thing to heaven in my mind

CHORUS

## **When I Look Into Your Eyes**

**By Greg Hawks**

Seems lately all I think about is you  
From the time that I awake and in my dreams the whole night through  
We've loved and lost and paid the cost that's made our hearts so blue  
But for the chance to hold you in my arms there's nothing I won't do

Between us there's a fire we can't deny  
To say that it's not there would be a lie  
I think it's time to tell the truth that I have tried to hide  
I can't help the way I feel when I look into your eyes

Don't want to throw caution to the wind  
And I know it's hard to trust someone in the shape you're in  
And right now it may be you just need a friend  
But every time I see you smile it makes me want to love again

Between us there's a fire we can't deny  
To say that it's not there would be a lie  
So come closer to me, darling, put your heart right next to mine  
I can't help the way I feel when I look into your eyes

This kind of thing don't happen every day  
Lord knows I've tried to look the other way  
Well, I think I might just lose my mind to wait another day  
Maybe time is on our side now and love can find a way

Between us there's a fire we can't deny  
To say that it's not there would be a lie  
So come closer to me, darling, put your heart right next to mine  
I can't help the way I feel when I look into your eyes

**I Belong to You**  
**By Greg Hawks**

For so long I've tried to find you  
So many times I've prayed  
For a love that I can hold onto  
That never fades away

They say in time that all good things  
Will come to those who wait  
And here I am as living proof  
Sure as the light of day

CHORUS: Seems I've known you all my life  
It must be meant to be  
'Cause I've loved you from the first time  
You ever looked at me  
I'll never want another one  
I'll find no one so true  
I know you belong to me  
And I belong to you

There's an easy way about her  
Sweet as the ocean breeze  
She knows just how to ease my mind  
As gentle as you please

I feel like I'm living in a dream  
As good as it can get  
I can't remember time before

The day that we first met

CHORUS

**You Can't Take it With You**  
**By Greg Hawks**

Every day we're drifting farther away  
Caught up in a race of wealth and fame  
Running up a hill that can't be climbed  
While we yearn for the peace of satisfied minds

And there's no turning back, no finish line  
You can't make up for your lost time  
Our days fly by before you know  
You can't take it with you when you go

Rushing down a road that has no end  
Every hour we have is already spent  
Looking far so ahead that we leave behind  
Everything we see we cannot find

There's no turning back, no finish line  
You can't make up for your lost time  
Our days fly by before you know  
You can't take it with you when you go  
No, you can't take it with you when you go

There's no turning back, no finish line  
You can't make up for your lost time  
Well, our days fly by before you know  
You can't take it with you when you go  
No, you can't take it with you when you go

**Train of Love**  
**By Greg Hawks**

Once I knew a girl I thought I wanted for my own  
But I couldn't make her happy so our hearts just turned to stone

I tried in vain to make it right but everything was wrong  
She wanted more than I could give so I left that girl alone  
...Left that girl alone

Then I met someone, Lord, who made me feel at home  
Her touch, it was the finest thing that I have ever known  
Taking me to places I have never been  
Her love has shown the way for me to be a better man  
...Be a better man

CHORUS: Train of love rolls on forever  
Never know, you might get to ride  
If you have someone, it's best to treat 'em right  
Thank God for the train of love every day and every night

Well, she don't try to dress me up, be like somebody else  
Her love is real, it makes me feel a whole lot like myself  
Like a diamond in the rough, there's no price for what it's worth  
Want to love this woman till my last day here on earth

## CHORUS

### **Stay Around By Greg Hawks**

Well, now we have had some real good times together  
And I look forward to the time I spend with you  
You're like the wind that sweeps away the stormy weather  
But like the wind I wonder if you're changing too

Well, I have felt a brand-new hope since I first met you  
But like you sometimes I put our fate in doubt  
Well, anything you have to say I'm here to let you  
But now you're halfway in my world and halfway out

Well, I'm not asking for a guarantee  
And I don't want to see you leave  
But I'd rather you do it now  
If you're not planning to stay around  
So if you're looking for something new  
You go and do what you gotta do  
Surely you know enough by now  
Are you planning to stay around?

Please don't take this heart of mine I give for granted  
While you save some part of yours for something else  
Well, the seeds of deeper love have all been planted  
And all that's left of what we need you hold onto

Well, I'm not asking for a guarantee  
And I don't want to see you leave  
But I'd rather you do it now  
If you're not planning to stay around  
So if you're looking for something new  
You go and do what's best for you  
You've seen enough to know enough by now  
Are you planning to stay around?  
You've seen enough to know enough by now  
Are you planning to stay around?

### **Sacred Vow**

**By Greg Hawks**

I trusted you with all my heart  
And to you I gave my soul  
You made a mockery of love  
When you said goodbye so cold

CHORUS: Your word no longer means a thing  
Every promise is broken now  
You've changed so much as you've given up  
On love's most sacred vow

Do you recall the tears of joy  
You cried when we said "I do"?  
Now for me you say your love has died –  
What happened to the girl I knew?

CHORUS

So I packed my things to move away  
For I had no other choice  
Now my heart still aches each time I mistake  
A sound to be her voice

CHORUS

So I pray that in time that I'll forgive  
But I know I won't forget  
The undying pain, dark and lonely shame;  
Lord, her memory haunts me yet

Your word no longer means a thing  
Every promise is broken now  
You've changed so much as you've given up  
On love's most sacred vow

**Jesus, Savior, Pilot Me**

(Public Domain)

Jesus, Savior, pilot me  
Over life's tempestuous sea  
Chart and compass, come from Thee

Jesus, Savior, pilot me

Unknown waves before me roll  
Hiding rocks and treacherous shoal  
Chart and compass, come from Thee  
Jesus, Savior, pilot me

When at last I near the shore  
And the fearful breakers roar  
May I hear Thee say to me,  
“Fear not, I will pilot thee.”

'Twixt me and the peaceful rest  
Then, while leaning on Thy breast  
May I hear Thee say to me,  
“Fear not, I will pilot thee.”
